FOR IMMEDIATE RELEASE

July 13, 2005

CART LINE HAS BEEN NAMED – CREATIVE CART SOLUTIONS

From Recycling Coordinators to Environmental Program Managers, all types of industry contacts participated in the "Name Our Cart Line" Contest from Busch Systems. The contest began in February and participants were given the opportunity to suggest a new name for the extensive line of Busch Systems recycling carts and accessories. With over 70 names entered, the management then reviewed the entries and had the challenge of narrowing the name options down to three. Winners of this part of the contest included Jeanne Rochford from Florida, John Sendejar from Texas, and Darlyne Proctor from Nova Scotia. The three name options were published and participants were then voted on their choice for our new Cart Line name.

In the end Creative Cart Solutions came out as the winning name, which was submitted by Jeanne Rochford. Deane Wilson from Vermont was randomly selected from the voters as the winner of the second half of the contest. Prizes included Mini Recycling Carts and Recycling Cart Key Chains, part of our Promotional Items line. We would like to thank to all those who submitted potential names, voted and played an integral role in helping us find the new name for our cart line. We appreciate the time, creativity and feedback you have provided us.

Creative Cart Solutions includes all of our cart products and accessories designed to enhance recycling and waste collection programs. With over 20 year of experience in recycling container innovation, we at Busch Systems have developed a specialized line of carts for various applications including curbside, multi-family and apartment, indoor and outdoor public area, office, document destruction, organics and more.

Busch Systems specializes in providing recycling container solutions to a wide range of industries from municipal governments to educational systems. Over the last 20 years we have established ourselves not only as manufacturers of more than 170 products, but also as solution providers to varying programs focused on waste reduction through recycling and composting. Our product line includes everything from Curbside Bins and Office Recycling to Document Destruction Carts & Consoles and Centralized Recycling Containers. We also offer a full line of Composting Containers, Promotional Items and Educational Tools. Contact us for more information at 1-800-565-9931 or visit us online at www.buschsystems.com.
