FOR IMMEDIATE RELEASE
June 28, 2005

NEW CENTRALIZED OFFICE RECYCLING CART SYSTEM

Busch Systems is now offering a new ergonomic cart system that will help improve centralized office recycling and waste collection efficiencies. The Recycling & Waste Sorting Carts are ideal for collecting and sorting various recyclables in office areas. The heavy-duty steel frame with dual handles maneuvers easily through narrow hallways and tight corners. The center-mounted wheels with slightly elevated end casters allow the cart to spin on its own radius. With two models available, the Recycling & Waste Sorting Carts can hold two or three 26 US Gallon Upright Containers. These recycling bins are form fitted to the cart frame and come with galvanized wire handles for simple lifting and carrying. The handles also double as cover locks. Add on customized lids with special openings to ensure a cleaner sort of recyclables. Openings can include a slot for paper or round hole for cans and bottles. The carts come in a standard Light Grey; however, other colors including Sand, White, Blue, Green, Red, Black and Yellow are available with a minimum quantity order. The Upright Containers are available in Blue, Green and Light Grey. These recycling bins can also be custom stamped and labeled to identify materials being collected. The Recycling & Waste Sorting Carts are a complimentary partner to all types of office and centralized recycling programs both small and large.

Busch Systems specializes in providing recycling container solutions to a wide range of industries from municipal governments to educational systems. Over the last 20 years we have established ourselves not only as manufacturers of more than 170 products, but also as solution providers to varying programs focused on waste reduction through recycling and composting.

Our product line includes everything from Curbside Bins and Office Recycling to Document Destruction Carts & Consoles and Centralized Recycling Containers. We also offer a full line of Composting Containers, Promotional Items and Educational Tools. Contact us for more information at 1-800-565-9931 or visit us online at www.buschsystems.com.
