

Kitchen Compost Bin

2.4 Gallon | KC 2000

This handy, portable compost carrier is perfect for short term storage of kitchen compost. A special feature on this container is the optional vented lid with carbon filter: it helps to eliminate odors caused by compost. All of the corners and edges are rounded so that it is much easier to clean and empty, in addition to being dishwasher safe. The KC2000 can also hang on a wall or cupboard door by way of two screw holes in the back.

Features:

- Opens and closes with one hand and is dishwasher safe
- Fits ALL standard paper and plastic composting bags
- Can hang from 2 screws on the door underneath the sink
- Optional vented lid with carbon filter effectively eliminates odors
