# Customization

## When it's time to turn OUR bins into YOUR bins... we're here to help!

Every recycling & waste program has different needs and requirements and we can assist you in showcasing your brand in the best way possible. From bright and bold to sleek and subtle, we have the tools to make your containers unique.

## Not sure what to ask for?

Use this helpful guide to determine the various ways that you can customize your container!

**\$ Custom Square Labels**  
Not satisfied with our standard labels? We can design custom to suit your brand and/or program requirements!

**\$ Custom Signs**  
Brand your signage to be consistent with your company brand.

**\$\$\$ Partial Vinyl Wraps**

**\$\$\$\$ Full Vinyl Wraps**

**\$\$ Custom Cut-Contour or Cut-Lettering Body Decals**  
We can customize any bin!  
Cut-Contour decals are cut to any shape - like your company logo!  
Cut-Lettering decals are an attractive option for labelling your container.

PRICE RANGE

\$ → \$\$\$\$

Cost is Based On: Color, Size & Art Requirements

## Logo Love

Need a new logo for your recycling & waste program?  
We can assist you with some creative designs to help tell your story.

**ASK YOUR SALES REP FOR A QUOTE!**

## FREIGHT FACTS

A lot goes into providing a competitive and accurate freight rate at Busch Systems. To ensure the product arrives on time, there are details that you can provide us to ensure that there are no unnecessary surprises or bumps along the way.

**For smaller shipments**, we use UPS ground.

All that we require to provide you with an accurate rate and have it on your way is:

- 1 **PRODUCT**
- 2 **LOCATION**
- 3 **SHIP TO CONTACT NAME & PHONE NO.**

## LTL/FTL CHECKLIST

For larger shipments that require LTL (Less Than Truck Load) or in some cases FTL (Full Truck Load), a few more details are required in order to provide you the best service and rate possible.

- Does the ship to location have a **dock level door and/or a forklift on site?**  
*(If not, the carrier would need to be equipped with what is called tailgate service in order to offload the product from the truck to the ground).*
- Can the ship to location accept a **53 foot trailer?** Does it need to be delivered by a straight truck (usually 24' in length) or smaller? Are there any height restrictions we need to be aware of?  
*(i.e. underground delivery).*
- Does the delivery location require a **call ahead** on the day of delivery? 24 hour call ahead? Or do they require an appointment *(additional charges may apply)*. If the site is unmanned, an appointment is ALWAYS REQUIRED.
- What are the **days/hours** they can accept delivery? Do they have unique hours and/or only certain days they can accept deliveries?
- Standard delivery includes** unloading the product off the truck onto the dock or in the case of tailgate service, off the truck to the pavement. We do offer what is called Inside Delivery and White Glove Service. Please contact your rep for pricing and details. *(Additional charges will apply)*
