

A photograph of a modern, dark wood-grain cabinet with a white countertop. The countertop features a circular hole, a rectangular slot, and a square opening. The cabinet is positioned in front of a window with white shutters. The image is set against a dark background with a diagonal white line.

Aristata[™]
Series

VERSION 2.1

RECYCLING
HAS NEVER
LOOKED
SO SIMPLY
beautiful

The Aristata™ Series is a departure from what you think you know about Busch Systems. We've been designing quality containers for over 30 years and have been a trusted source for recycling & waste containers that are durable, functional and practical to clients around the globe.

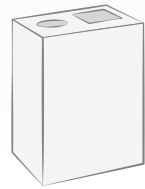

Our dedicated Design Team spent countless hours formulating the look and feel of the stunning Aristata™ Series. Each finish is meticulously crafted to be on-trend with today's modern interiors, creating recycling & waste containers that blend seamlessly into any space.

Personalize your sustainability program with the various customizable lid and label options available in the Aristata™ Series.
