

# Has your Business or Institution been designated a **Food Scrap Generator (DFSG)**

Department of  
Environmental  
Conservation

## under the new Environmental Conservation Law?

# Let us guide you through the products you will need.

### PROUDLY MADE IN NORTH AMERICA

Busch Systems® is excited to work with your company or institution to assist with your Food Scraps collection program. We manufacture a wide range of compost collection containers that meet the growing demand as we all strive to divert food waste from our landfills across North America.

Busch Systems® compost containers will make it easy for you to comply with the new Environmental Conservation Law in New York State. Our containers make storing your food scraps an easy and painless process before transferring to your waste collection service.

WE'VE PARTNERED WITH

**ECOSAFE**  
ZERO WASTE

EcoSafe® manufactures certified compostable bags that are designed to replace conventional plastics to produce a positive environmental impact. Double down on diverting landfill waste with EcoSafe® bags!
