

2022 RECYCLING & WASTE CONTAINERS

plus! DISPENSERS & SANITATION STATIONS FOR SAFE SPACES

GREAT PEOPLE WORKING TOGETHER *to create* POSITIVE CHANGE IN THE WORLD

WHY BUSCH?

Certified B Corporation®

We are proud to be a part of a global movement of people using business as a force for good™

Experience

With 30+ years, we know our stuff and love to share it with you!

The Most Trusted

#1 rated recycling & waste container brand according to Trustpilot.

We strive to maximize
Recycled Content
in our containers!

Proudly made in
North America

Tailored By You

Customization is our middle name!

Personalized Support

Unique access to a team of full-service diversion experts.

Project Rise

A donation is made with every purchase!

Giving Back

We support local and national charities.

In an effort to produce a more sustainable catalog with fewer pages, we have intentionally not included all of our products here. Contact our sales team at 1-800-565-9931 or check out our website to see our full product line!

PRINTED WITH ECO-CONSCIOUS INKS & PAPER

MISSION STATEMENT

To support everyone who cares about waste diversion with leading edge products and services that maximize the quantity and quality of their recycling program.

A MESSAGE FROM CRAIG BUSCH

Busch Systems® began in the early days of the recycling movement and the changes we have witnessed over our 35 years in the industry have been extraordinary. As the next generation seeks accountability to the significant environmental issues we are facing today, we are committed, more than ever, to supporting sustainable and eco-conscious business choices.

We are therefore very proud to have maintained our Certified B-Corporation® status since 2019. B Corporations are businesses that meet the highest verified standards of social and environmental performance, transparency, and accountability. Maintaining our B-Corp™ status and working towards recertification in 2022 reaffirms our goals and provides an additional benchmark for our decisions, be it with our products, people or philanthropy efforts.

So what's in store for the future?

Look for the continued expansion of our product line including developments in recycled lumber and new, cutting-edge container designs. Our Senior Advisor, Alec Cooley, continues to lead our Green Thinking Webinar Series, and his "Advancing Recycling" blog offers informative, relevant industry content. Project Rise, our environmental, customer-driven 'give-back' program has introduced new non-profits to add to the over 25k donated to date. All in all, the year ahead is full of exciting plans to share with our employees, clients and partners.

On behalf of all of us at Busch Systems®, we wish to thank you for being a part of our family for 35 years!

Craig Busch

Founder, President & Chief Design Officer

Certified

Corporation

We're committed to doing business for the greater good—that's why we're proud to be a B Corp™.

A Certified B Corporation® since 2019, we're one of over 4,000 companies across 74 countries and 150 industries redefining success in business. "We're honored to be a part of the B Corp community," says Craig Busch, President & CEO. "It lets us be bold about who we are and what we believe in—and to make greater impact in the world as a recycling & waste management industry leader." B Corporations voluntarily meet high criteria for social and environmental performance, accountability and transparency. We have committed to using business as a force for good, assessing the work that we do and the way that we do it, and continually implementing processes and practices that consider the impact our business has on all stakeholders – employees, customers, society and the environment.

With a longstanding commitment to making a positive impact, Busch Systems® is one of the largest equipment providers in the waste management industry to achieve B Corp™ certification. Others organizations in the B Corp™ community include Patagonia, Athleta, Allbirds and Veja.

"Being a B Corp reminds our employees, our partners and our customers what we stand

for," says Craig. "It lets us put a stake in the ground around our purpose and practices, so we can truly turn business into a movement. We recognize that this is just the beginning and will continue to work hard to better ourselves, our community, and our planet."

WHAT IS A CERTIFIED B CORPORATION™?

Certified B Corporations®, or B Corp™ for short, are for-profit companies that are third-party certified for reaching the highest levels of verified environmental and social responsibility. B Corporations are dedicated to using business as a force for good™.

WHO CERTIFIES B-CORPORATIONS?

The B-Lab is the non-profit behind the B Corp™ brand, which has created this global movement to use business as a force for good. They realized that our social and environmental problems cannot be solved by government and non-profits alone, so they have brought together over 4000 (and counting!) corporations to date to aid in the betterment of our environment and our local & global communities.

ASCEND™

Style Meets Sustainability

You CAN have it all! These centralized waste and recycling stations deliver a sleek, high-end aesthetic to complement any setting without sacrificing durability and serviceability. Available in a single, double, or triple stream, this container will deliver optimal diversion rates while maintaining upscale style.

- **BUILT FOR ANY PROGRAM** - Available in single, double or triple streams to meet your diversion needs.
- **LIGHTWEIGHT DURABILITY** - The roto-molded body is dent-resistant and perfect for high-traffic areas.
- **EASY SHIPPING** - These containers are designed to nest nicely for optimal and efficient shipping.
- **ERGONOMIC SERVICING** - With an easy-to-remove lid, full access to the container allows for quick and effortless servicing.

PLATINUM™

Diversion That's Better Than Gold

This sharp-looking container provides an all-in-one solution for any waste and recycling collection in public spaces. With three-streams located in one centralized container, the Platinum helps achieve outstanding diversion rates while maintaining an upscale aesthetic.

- **PAIN-FREE MAINTENANCE** - Removable liners make cleaning easy and efficient while preventing leaks from sitting in the bottom of the container.
- **BUILT FOR ANY PROGRAM** - Available in a triple stream to meet your diversion needs.
- **CUSTOMIZABLE LABELS** - Increase diversion rates with custom labels for each stream.
- **SUPERIOR DURABILITY** - This powder-coated steel container is a long lasting, durable solution for any indoor setting.

RISE™ | Raising the bar.

• RIGHT WHERE YOU NEED IT TO BE

With the container's mounting feature, you can easily place it at your desired height in any space so that it is ready for collection in the most convenient way possible. The container fits securely in the metal wall mount, which encourages stability and ensures consistent placement.

• EASY AND EFFECTIVE COMMUNICATION

It is easy to create and change the messaging on this container with customizable labels and signage that help you identify acceptable items for each stream to avoid contamination.

• COMPACT FOOTPRINT

The RISE™ has a compact design and uses a small amount of space – only about one square foot – which minimizes disruptions or interference in narrow hallways.

GO SERIES as part of the **Prevent+[™]** collection

- **ULTIMATE CUSTOMIZATION** – A smooth surface allows for customized labeling or branding. Choose from a variety of stocked colors to fit the needs of your program.
- **QUALITY MATERIALS** - Made from injection-molded plastic, this unit is durable, scratch-resistant and so easy to clean.
- **QUICK AND EASY SHIPPING** - Available in singles or packs of four, with next day shipping.
- **SECURE & SEAMLESS WIPES DISPENSING** - The wipes dispenser prevents airflow to keep wipes from drying out and features plastic teeth that meet the perforated edges of the wipes to help ensure only one wipe is dispensed per pull. This will eliminate contamination for unwanted wipes & encourages less waste.

PURIFY SERIES

as part of the **Prevent+[™]** collection

- SAFETY FIRST – The design of the Purify base eliminates tripping hazards. The entire unit is stable and won't tip in any direction.
- MANY DISPENSER OPTIONS AVAILABLE – Easily customize the unit to host a dispenser of your choice - whether an automatic dispenser, or Anywhere Bracket.
- DURABLE AND LONG-LASTING – Stabilizing wings on the base create a sturdier structure than other dispensers on the market and reinforce the post to prevent warping over time.
- AVOID MESS AND OVERFLOW – Convenient drip tray is strategically placed to avoid excess liquid from falling to the floor and creating a slip hazard.

XTRASAFE SERIES

as part of the **Prevent+[™]** collection

- LIFETIME WARRANTY - XtraSafe has been tested by running over 2,000,000 cycles to ensure top quality! With no sensors or complex parts to break down, the body is powder-coated, anodized aluminum and the nozzle, pump, and hardware are stainless steel.
- COMPACT FOOTPRINT - XtraSafe's compact design means it uses minimal amount of valuable floor space – only about one square foot! The base of the unit has three pre-drilled holes allowing it to be bolted down as needed.
- 5.5 LITRE CAPACITY - XtraSafe is ready to sanitize over 3,500 pairs of hands. This makes it practical and convenient to use large size containers, which are proven to reduce plastic use by up to 60%.
- WORKS WITH ANY TYPE OF SANITIZER - XtraSafe performs equally well with gel, liquid, or foam sanitizers, regardless of the brand or viscosity of the solution you choose to use.
