MISSION STATEMENT

To support everyone who cares about waste diversion with leading edge products and services that maximize the quantity and quality of their recycling program.

A MESSAGE FROM CRAIG BUSCH

Busch Systems® began in the early days of the recycling movement and the changes we have witnessed over our 35 years in the industry have been extraordinary. As the next generation seeks accountability to the significant environmental issues we are facing today, we are committed, more than ever, to supporting sustainable and conscious business choices.

We are therefore very proud to have recently become a Certified B Corporation®. B Corporations™ are businesses that meet the highest verified standards of social and environmental performance, transparency, and accountability. Becoming a B Corporation reaffirms our goals and provides an additional benchmark for our decisions, be it with our products, people or philanthropy efforts.

So what's in store for the future?

Look for the continued expansion of our product line including developments in recycled lumber and new, cutting-edge container designs. Our Consulting Team is conducting projects across the country and continues to offer informative, relevant industry content regularly. Project Rise, our environmental, customer-driven 'give-back' program has introduced new non-profits to add to the over 25k donated to date. All in all, the year ahead is full of exciting plans to share with our employees, clients and partners.

On behalf of all of us at Busch Systems®, we wish to thank you for being a part of our family for 35 years!

Craig Busch

Founder, President & Chief Design Officer
