WASTE ONLY CONTAINERS

VERSION 2.1

WHY BUSCH?

Certified B Corporation®

We are proud to be a part of a global movement of people using business as a force for good™

Experience

With 30+ years, we know our stuff and love to share it with you!

The Most Trusted

#1 rated recycling & waste container brand according to Trustpilot.

We strive to maximize

Recycled Content

in our containers!

Proudly made in **North America**

Tailored By You

Customization is our middle name!

Personalized Support

Unique access to a team of fullservice diversion experts.

Project Rise

A donation is made with every purchase!

Giving Back

We support local and national charities.

In an effort to produce a more sustainable catalog with fewer pages, we have intentionally not included all of our products here. Contact our sales team at 1-800-565-9931 or check out our website to see our full product line!

PRINTED WITH ECO-CONSCIOUS INKS & PAPER

OUR VISION WHO WE ARE

To support everyone who cares about waste diversion with leading edge products and services that maximize the quantity and quality of their recycling program.

A MESSAGE FROM CRAIG BUSCH

Busch Systems® began in the early days of the recycling movement and the changes we have witnessed over our 38 years in the industry have been extraordinary. As the next generation seeks accountability to the significant environmental issues we are facing today, we are committed, more than ever, to supporting sustainable and eco-conscious business choices.

We are therefore very proud to have maintained our Certified B-Corporation® status since 2019. B Corporations are businesses that meet the highest verified standards of social and environmental performance, transparency, and accountability. Maintaining our B-Corp $^{\text{TM}}$ status and working toward recertification in 2023 reaffirms our goals and provides an additional benchmark for our decisions, be it with our products, people or philanthropy efforts.

So what's in store for the future?

Look for the continued expansion of our product line including developments in recycled lumber and new, cutting-edge container designs. Our Senior Advisor, Alec Cooley, continues to lead our Green Thinking Webinar Series, and his "Advancing Recycling" blog offers informative, relevant industry content. Project Rise, our environmental, customer-driven 'give-back' program has introduced new non-profits to add to the over 25k donated to date. All in all, the year ahead is full of exciting plans to share with our employees, clients and partners.

On behalf of all of us at Busch Systems®, we wish to thank you for being a part of our family for over 35 years!

Craig Busch

Founder, President & Chief Design Officer

We're committed to doing business for the greater good—that's why we're proud to be a B Corp™.

A Certified B Corporation® since 2019, we're one of over 4,000 companies across 74 countries and 150 industries redefining success in business. "We're honored to be a part of the B Corp community," says Craig Busch, President & CEO. "It lets us be bold about who we are and what we believe in—and to make greater impact in the world as a recycling & waste management industry leader." B Corporations voluntarily meet high criteria for social and environmental performance, accountability and transparency. We have committed to using business as a force for good, assessing the work that we do and the way that we do it, and continually implementing processes and practices that consider the impact our business has on all stakeholders - employees, customers, society and the environment.

With a longstanding commitment to making a positive impact, Busch Systems® is one of the largest equipment providers in the waste management industry to achieve B Corp™ certification. Others organizations in the B Corp™ community include Patagonia, Athleta, Allbirds and Veja.

"Being a B Corp reminds our employees, our partners and our customers what we stand

for," says Craig. "It lets us put a stake in the ground around our purpose and practices, so we can truly turn business into a movement. We recognize that this is just the beginning and will continue to work hard to better ourselves, our community, and our planet."

WHAT IS A CERTIFIED B CORPORATION™?

Certified B Corporations®, or B Corp™ for short, are for-profit companies that are third-party certified for reaching the highest levels of verified environmental and social responsibility. B Corporations are dedicated to using business as a force for good™.

WHO CERTIFIES B-CORPORATIONS?

The B-Lab is the non-profit behind the B Corp™ brand, which has created this global movement to use business as a force for good. They realized that our social and environmental problems cannot be solved by government and non-profits alone, so they have brought together over 4000 (and counting!) corporations to date to aid in the betterment of our environment and our local & global communities.
