**POSITIVE  
CHANGE**  
IN THE WORLD 

## WHY BUSCH?

**Certified B Corporation®**  
We are proud to be a part of a global movement of people using business as a force for good™

**The Most Trusted**  
#1 rated recycling & waste container brand according to Trustpilot.

With 40+ years'  
**Experience**  
we know our stuff and love to share it!

Made in  
**North America**  
Promise

We strive to maximize  
**Recycled Content**  
in our containers!

We're proud to be a  
**Living Wage Employer**

**Tailored By You**  
Customization is our middle name!

**Giving Back**  
We support local and national charities.

**Project Rise**  
A donation is made with every purchase!

We track our  
**Carbon Footprint**  
on every product via CarbonGraph.

*In an effort to produce a more sustainable catalog with fewer pages, we have intentionally not included all of our products here. Contact our sales team at 1-800-565-9931 or check out our website to see our full product line!*

 PRINTED WITH ECO-CONSCIOUS INKS & PAPER

## MISSION STATEMENT

To support everyone who cares about waste diversion with leading edge products and services that maximize the quantity and quality of their recycling program.

### A MESSAGE FROM CRAIG BUSCH

Busch Systems® began in the early days of the recycling movement and the changes we have witnessed over our 38 years in the industry have been extraordinary. As the next generation seeks accountability to the significant environmental issues we are facing today, we are committed, more than ever, to supporting sustainable and eco-conscious business choices.

We are therefore very proud to have maintained our Certified B-Corporation® status since 2019. B Corporations are businesses that meet the highest verified standards of social and environmental performance, transparency, and accountability. In addition to receiving our B-Corp recertification in 2023, we joined the Social Recycling movement with Plastic Bank to help stop the equivalent of 2.2 million plastic bottles from entering the ocean and we began mapping the carbon footprint of our entire product line.

So what's in store for the future?

Look for the continued expansion of our product line including developments in new, cutting-edge container designs that promote signage and an expanded line of containers with post-consumer recycled content. Our Senior Advisor, Alec Cooley, continues to lead our Green Thinking Webinar Series, and his "Advancing Recycling" blog offers informative, relevant industry content. Project Rise, our environmental, customer-driven 'give-back' program has introduced new non-profits to add to the over 30k donated to date. All in all, the year ahead is full of exciting plans to share with our employees, clients and partners.

On behalf of all of us at Busch Systems®, we wish to thank you for being a part of our family for over 37 years!

*Craig Busch*

Founder, President & Chief Design Officer

**We're committed to doing business for the greater good—that's why we're proud to be a B Corp™.**

A Certified B Corporation® since 2019, we're one of over 4,000 companies across 74 countries and 150 industries redefining success in business. "We're honored to be a part of the B Corp community," says Craig Busch, President & CEO. "It lets us be bold about who we are and what we believe in—and to make greater impact in the world as a recycling & waste management industry leader." B Corporations voluntarily meet high criteria for social and environmental performance, accountability and transparency. We have committed to using business as a force for good, assessing the work that we do and the way that we do it, and continually implementing processes and practices that consider the impact our business has on all stakeholders – employees, customers, society and the environment.

**To learn more about B Corp™, visit: [buschsystems.com/b-corp](https://buschsystems.com/b-corp)**

**Working together to make a difference!  
We are proud to have partnered with CarbonGraph.**

Innovation is at the heart of what we do, and we are proud to have partnered with CarbonGraph, an innovative technology, to determine the carbon footprints of our products. Founded in 2021, CarbonGraph's mission is to provide people, companies and governments the environmental context needed to make informed decisions about the sustainability of the goods and services they buy and sell.

In addition to mapping the carbon footprint of our products, the Busch Systems team has been working hand-in-hand with the CarbonGraph team to develop their software and be an example of the steps other companies can take in measuring their environmental impact through data and technology.

**To learn more about CarbonGraph, visit: [buschsystems.com/carbon-footprint](https://buschsystems.com/carbon-footprint)**

In partnership with Plastic Bank, Busch Systems is directly contributing to five of the 17 United Nations SustainableDevelopment Goals.  
(SDGs 1, 8, 12, 14, 17)

Plastic Bank empowers the Social Recycling movement that stops ocean plastic and helps alleviate poverty. Busch Systems is improving lives in ethical collection communities in collaboration with Plastic Bank and, in 2023, Busch Systems will help stop the equivalent of 2.2 million plastic bottles from entering the ocean in collaboration with Plastic Bank.

**To learn more about Plasticbank, visit: [buschsystems.com/sustainability](https://buschsystems.com/sustainability)**

From the corner office to your convention center, or from the cafeteria to the classroom - Busch Systems® has you covered! Our sleek, modern & sophisticated containers are designed to manage all of your waste and recycling needs. So, come indoors and get inspired!

### OUR CUSTOMERS SAY

“Great Products from  
a Great Company”

★★★★★ ★ Trustpilot

- Guild Yule LLP, Barristers and Solicitors,  
British Columbia, Canada

**Expression™** | Expect More,  
Express More

The Expression™ is the only molded plastic container that effectively prioritizes signage! All four sides have space for customized signage, allowing you to differentiate streams or advertise your business. Made from double-wall plastic with a canopy lid that protects the contents from precipitation, this sturdy container is built to outlast any type of weather. Its simple yet sophisticated appearance is unique and fits perfectly into any outdoor space while adapting to the needs of your program.

- Signage space on all 4 sides of the container helps communicate streams and increase diversion rates.
- Durable double-wall plastic does not rust and can outlast harsh weather condition.
- Optional bolting and locking feature available. Can also be easily weighted down

**OUTLAW™** | Breaking the Mold  
SERIES

This durable, high-capacity container is perfect for any indoor environment. The Outlaw's™ body is made from 100% Post-Consumer Recycled Content with blow-molded construction and is on the leading edge of circular-economy sustainability with quick & efficient manufacturing, allowing us to get this future-conscious product to you exactly when you need it.

- With a capacity of 50 gallons, you'll save time and money servicing this easy-to-maintain container.
- With its body being made from 100% PCR, it is produced with a smaller carbon footprint, in addition to being fully recyclable at the end of life.
- The Outlaw's™ lid adds a high-end look to your space with a brushed pewter finish and choice of mixed or full restrictive openings.

## ASCEND™ | Style Meets Sustainability

You CAN have it all! These centralized waste and recycling stations deliver a sleek, high-end aesthetic to complement any setting without sacrificing durability and serviceability. Available in a single, double, or triple stream, this container will deliver optimal diversion rates while maintaining upscale style.

- Available in single, double or triple streams to meet your diversion needs.
- The roto-molded body is dent-resistant and perfect for high-traffic areas.
- These containers are designed to nest nicely for optimal and efficient shipping.
- With an easy-to-remove lid, full access to the container allows for quick and effortless servicing.

## OCTO™ | Infinite Possibilities

SERIES

Create a modern look without sacrificing practicality. Eight flat sides allow for 360-degree customized labelling options. The Octo™ is the perfect container for large public spaces both indoor and outdoor with an edgy, yet practical and durable design.

- A single stream modular container is strong and long-lasting, ideal for both indoor and outdoor public spaces.
- The easy to maintain liner can be removed for servicing and cleaning, with a sloped lid design that helps keep precipitation out and discourages users from leaving items on top.
- Eight-sided design allows for ample labeling options with optional colored face plates to communicate stream differentiation and make it your own.

## RISE™

Raising the bar.

- With the container's mounting feature, you can easily place it at your desired height in any space so that it is ready for collection in the most convenient way possible. The container fits securely in the metal wall mount, which encourages stability and ensures consistent placement.
- It is easy to create and change the messaging on this container with customizable labels and signage that help you identify acceptable items for each stream to avoid contamination.
- The RISE™ has a compact design and uses a small amount of space – only about one square foot – which minimizes disruptions or interference in narrow hallways.

## REFLECTION™

*Superior durability that shines!*

- Powder-coated steel body available in select colors to help with stream recognition and/or to match your modern décor.
- Small footprint makes it ideal for a wide range of locations.
- Plastic HDPE liner prevents leaks, is simple to clean, and has easy-group handles.
- Metal sloped rear-hinged lockable canopy lid allows precipitation to run off, preventing contents from getting wet and contaminated.

### STOCK BODY FINISH

■ Grey

### STOCK LID FINISH

■ Silver Sparkle

### SPECIFICATIONS

**SINGLE | 32 GALLON**  
15.75"D x 21.75"W x 39.25"H

## ∞ C T O SERIES

*Infinite Possibilities*

- A single stream modular container is strong and long-lasting, ideal for both indoor and outdoor public spaces.
- The easy to maintain liner can be removed for servicing and cleaning, with a sloped lid design that helps keep precipitation out and discourages users from leaving items on top.
- Eight-sided design allows for ample labeling options with optional colored face plates to communicate stream differentiation and make it your own.

## Busch Customizations THINK OUTSIDE THE BIN!

Busch Systems recycling and waste containers offer a unique opportunity for complete customization. Whether you're looking to convey a specific message, reinforce your brand identity, or simply add a touch of creativity, we provide a versatile canvas for your vision.

From simple cut vinyl lettering, you can craft a clean and concise message, ensuring your recycling and waste bins communicate effectively, allowing essential information or branding to be displayed prominently.

For a more impactful branding experience, a full or partial wrap is the way to go. Busch Systems allows you to transform your containers into vibrant, attention-grabbing showcases of your brand. This not only serves a functional purpose, but also turns your recycling and waste bins into an integral part of your overall aesthetic and marketing strategy.

*Thank You* 

By choosing Busch Systems® you have already made the decision to be more sustainable. Thank you for being as passionate about the environment as we are.

We appreciate your business and are thankful for over 35 years of environmental collaboration!
