

## LEED® V4.1 Credits

The LEED® green building program is the world's most widely used green building rating system. LEED® v4.1 raises the bar on building standards to address several areas including waste reduction and sustainable procurement. Busch Systems® products may contribute towards satisfying credits within the following LEED® v4.1 rating systems.

-  LEED® for Building Design and Construction
-  LEED® for Building Operations and Maintenance
-  LEED® for Interior Design and Construction
-  LEED® for Cities
-  LEED® for Communities
